Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Sunday 12 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather mild with some bright spells, windy later.

Today:
Turning drier and brighter in the west first thing and in the east by mid-morning. The afternoon will be mostly cloudy, dry, and windy along coasts. Maximum temperature 14 deg C (57 deg F).

Tonight:
Wet for a time in the west, elsewhere rather cloudy. Windy through the first part of the night. Remaining mild. Minimum temperature 9 deg C (48 deg F).

Monday:
A cloudy and mild day with some rain at times along the north and west coast of Cornwall and Devon. Maximum temperature 13 deg C (55 deg F).

Outlook for Tuesday to Thursday:
Mostly cloudy and on the mild side throughout the week. Mostly dry too but patchy rain is possible on Tuesday into Wednesday.
